**NEW REPORTING FEATURE ...
"SET IT AND FORGET IT"
AIMS 360 APPAREL ERP SOFTWARE**

AIMS360 has developed a new reporting feature for their apparel ERP software that eliminates steps, saving time and effort. Called "Memorized Reports," it offers benefits to the end users and the ability to set up and memorize a frequently used report with specific criteria so that future reports can be run with a single click of a button. Memorized Reports eliminates the need to make a lot of selections when running the same report from a previous day or week.
