

**From Janet Wells of InstaGraph Systems :**

"I was asked by Governor Newsom's office, to lead an emergency task group to help source qualified vendors of medical supplies. The quantities are daunting, therefore, we are looking for suppliers within our local communities as well as overseas.

Below is a list of high volume products for which supply commitments are needed over the course of the next week. We do not have an exact number for quantities per week to match the infection curve; continuing information and updates of specific needs will be passed on to you."

**500M Masks N95**  
**200M Masks (other mask types)**  
**200M Face Shields**  
**1000 Ventilators**  
**5000 IV Pumps**  
**1 B gloves ( various sizes )**  
**20M Swabs**  
**100M Gowns**  
**50M Coveralls**

Click on the documents below containing specifications for some of the products on the above list. We are continuing to reach out for the remaining specifications from others organizations in need and will provide those as soon as we have them. Additionally, companies offering their assistance will require a 'vetting' process; the vetting questions are below:

Interested parties; please send emails to: [Terreb@instagraph.com](mailto:Terreb@instagraph.com)

- Type of Medical Product that our company can offer; domestically produced ( ) or imported ( )
- Quantity
- Delivery Schedule
- Payment Terms
- Name and Address of Company
- What is your core business?
- Is this your current business or are you re-tooling?
- Years in business
- 3 Business References
