

PATTERN HUB for COVID-19 SUPPLIES

CFA, working with SEAMS, is helping our manufacturers to process much needed PPE products for the U.S. Covid-19 pandemic.

As part of this collaboration SEAMS have centralized some of the patterns required to produce PPE products from home creations to approved medical products for easy access. Below you will find actual patterns that you may use or links to other sites offering free PPE patterns or basic information about the manufacture of PPE products.

Visit: <https://seams.org/ppe-patterns/>

If you have additional PPE patterns that you can share, please send to nkinder@seams.org.
