DESIGN KNIT KNITTING MILL

## ***LAUNCHING EMERGING DESIGNERS AND BRANDS WITH 'MADE-IN-LOS ANGELES' KNITTED FABRICATIONS***

Design Knit's STUDIO DK concept began in July, 2019, since then, **Pat Tabassi, Shala Tabassi** and their team have worked with a multitude of California's emerging designers, offering a curated collection of knit-to-order fabric styles with minimum order flexibility.

Studio DK was created under the Design Knit umbrella as a space for young brands to have a choice of fabrics; currently about 400 different offerings. They also offer a STOCK PROGRAM of approx. 30 PFD (Prepared for Garment Dye) core best-selling styles.

Pat states, "We are happy to help connect new customers with other members of the supply chain so that they can find the resources they need to get started with manufacturing in Los Angeles. Building relationships is at the core of our brand and these introductions ultimately help the entire supply chain grow."

Design Knit has been designing and manufacturing knit fabrics in Los Angeles since 1986. The family-owned, Los Angeles-based company has always focused on innovation, high quality and sustainability.
